Focus of The Week: Geography

In Geography children have been working on using their disciplinary knowledge to think like Geographers. This may include using maps, globes, digimaps, interactive atlas, coordinates of land and using our immediate area. The children are able to talk about what they are learning in Geography and can identify the essential knowledge and vocabulary that they have been learning.

Geography at home:

At home you can help children think like a Geographer by:

- Looking out for human and physical features in the area.
- reading maps when in the car.
- Thinking about land use and how our land has changed in the area.
- Discussing the weather and its changes.

Headteacher's Comment

Thank you for all the donations for the Christmas fair next week! We had a wonderful festive and delicious Christmas Dinner in school this week - the children loved it!

Please remember that it is the fair on Monday next week straight after school, so I hope to see you all there.

What is

SAFEGUARDING?

Safeguarding means protecting children's safety and wellbeing. It's about making sure they grow up safe, cared for, and respected.

Types of harm:

- **Physical harm:** hitting, shaking, or rough handling
- **Emotional harm:** shouting, constant criticism, ignoring, or making a child feel unloved
- **Neglect:** not providing enough food, clean clothes, warmth, supervision, or medical care
- **Sexual harm:** inappropriate touching, exposure to sexual content, or exploitation
- **Domestic abuse:** seeing or hearing violence at home, even if the child isn't directly hurt.
- **Online harm:** bullying, grooming, or exposure to harmful content on social media or games

Children have the right to feel safe, cared for, and respected. Speak up if something doesn't feel right.
